At Gravers Lane Gallery we're taking every precaution to ensure good health and wellbeing of all our friends and neighbors. Proactively we bleached and sanitized a good portion of the gallery a week ago.

We are not going anywhere. We will be taking sound

advise as to remaining closed until we are told things are safe and we feel opening will not jeopardize the health of our friends, artists, and clients.

We are working from home and checking Emails and phone messages. To all of our artists, your work is safe and secured
