

Paragon Pain Solutions is now offering online marketing and email list-building services to anyone who is interested.

These are strange and unprecedented times, and the writing on the wall seems to indicate that transitioning to an online business model is crucial not only for our businesses to survive, but to thrive in this rapidly shifting economy.

I'd also like to announce that I will be offering in-person massage and bodywork services again starting next week.

I have checked with the governor's office, and as a healthcare practitioner, I am considered a "life-sustaining" business. I plan on taking all the required precautions during treatment sessions, including wearing a mask and gloves and thoroughly disinfecting between sessions.

I have also been offering virtual treatment sessions for the past several weeks, and will continue to do so for anyone that is interested.

Please don't hesitate to reach out if there is anything that I can do for you. I hope you are all staying safe, healthy, and happy.

Best,

Dan Vidal LMT, CNS
